

AGRICULTURE

Agriculture careers are important for our natural resources. We want our world to be safe and we all need food to eat.

Circle the tools and equipment that someone in an agricultural job might use when they are outside.

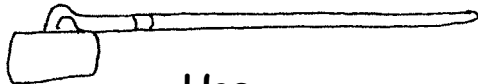

Ranger Hat

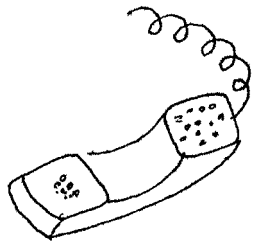

Farm Hat

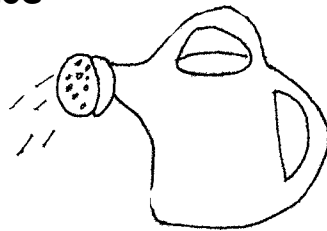

Computer

Hoe

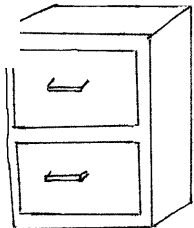

Telephone

Sprinkling Can

File Cabinet

WHOOTIE CRUISES THE CONGAREE

NAME: _____

GRADE: _____

TEACHER: _____

CAREER CLUSTER: _____

CHECKING OUT THE FOREST

AGRICULTURE

Yes, I'm cruising across the boardwalk and find two special people working outside. They have jobs in the Agriculture Cluster. There are lots of grown-up people in this group such as:

1. Farmer
2. Fish and game warden
3. Landscape architect

At Congaree, there are two jobs that are agriculture occupations. They are:

1. _____
2. _____

Do you know people who have agriculture jobs? What do they do?

1. _____
2. _____

Let's cruise around and find our friends.

It's great to have a Park Ranger for a guide on the boardwalk. He can find lots of interesting plants, insects and animals to show us. He must know a lot about all the plants and animals and be able to teach visitors. Even a video show can be exciting when it's at Congaree!

Who's that burning the fire? That must be the forestry technician. He must burn off dead wood and help new trees grow. That is a big responsibility!

Both of the agriculture occupations must work at the ranger station inside and out in the woods!
